MORE than 20 people have been employed at a new bistro and conference centre in South Market Street, Aberdeen.

The 210 Bistro opened following a £1.5million investment to redevelop the four-floor site, which was formerly the Anchorage Bar.

Behind the venture are local businessmen Martin Callan and Alan Doran.

Mr Doran said: "210 Bistro combines all the essential elements of a city-based eatery, complete with in-house meeting/conference facilities.

"We are providing a different option for off-site corporate events, as well as a pleasant environment for business lunches and dinners."
