

210 BISTRO AND CONFERENCE CENTRE LAUNCHES IN ABERDEEN

A new bistro offering quality dining and conference facilities for the local business community, has opened in Aberdeen.

Two Ten (210) Bistro is a new offering from local businessmen, Martin Callan and Alan Doran, which combines high quality food with fully equipped conferencing and meeting room facilities.

Located on South Market Street, the bistro recently opened following a £1.5 million investment to completely redevelop the site – formerly the Anchorage Bar. It incorporates a café bar/bistro and restaurant, which can seat up to 70 people, while also catering for corporate functions. A private bar is also available within the conference suite.

Situated on four floors, 210 Bistro has appointed three full-time chefs and 21 additional members of staff.

Alan, who has many years experience working in the hospitality trade, said: “210 Bistro is an extremely exciting venture for Martin and I and combines all the essential elements of a city-based eatery, complete with in-house meeting/conference facilities.

“In the past I have often found that catering has had to be outsourced when attending business meetings and events, but at 210 Bistro we can offer the complete package, all under one roof – whether it be a meeting over coffee in the café bar or a business lunch in the restaurant. The whole complex is also WIFI enabled with E-audio conferencing also available.

“We are providing a different option for off-site corporate events as well as a pleasant environment for business lunches and dinners.”

With conferencing facilities overlooking Aberdeen Harbour and two purpose built meeting rooms – which can be arranged in various formats, for example boardroom or theatre style – 210 Bistro has facilities to cater for any type of function and offers a selection of pricing structures to suit.
